Buyers Lift Stocks to New Peaks

NEW YORK, July 2 (AP)—Brisk buying of motor, aircraft, copper and other industrial shares kept the mid-year bull market going strong in Wall Street today.

Gains ranging to more than \$2 a share lifted many issues to the highest prices since last autumn in heavy trading.

United States Steel pushed above \$60, Westinghouse crossed \$100 and Chrysler touched \$65 on advances of \$1 to more than \$2. There was brisk buying at the opening following the large gains scored earlier in the week.

Revel in markets for major raw materials, considered a forerunner of industrial improvement, brought a further rise of about 50 cents a bale in cotton. Most commodity markets, however, were closed for the week-end.

Recovery continued in bonds, too, especially rails. The sweep of the buying enabled markets to absorb profit-selling readily, despite the fact traders were faced with a long week-end over Fourth of July.

Helen Jacobs' Leg Hurt; Doctor Explains Injury

WIMBLEDON, Eng., July 2.—"My legs hurt terribly," was all Miss Helen Jacobs could say as she limped back to the dressing room after a crushing defeat by Helen Wills Moody today on the tennis courts. But her physician, Dr. J. J. Dunning, gave the full story of her debacle.

"Miss Jacobs strained the Achilles tendon in her right leg yesterday," Dr. Dunning said.

"I bandaged it then and applied a new bandage again today. She really was not fit to play, but she was determined to carry on. She held up well at the beginning, but strained the tendon again today—I believe it was in the ninth game.

"From that point on she was in terrific pain and the outcome was only what could have been expected. She is a brave and courageous girl."

"I am very sorry about Helen's ankle," said Mrs. Moody, "but I thought there was nothing I could do but get it over as quickly as possible."

Mrs. George W. Wightman of Boston, captain of America's Wightman Cup team, saw both California girls after the match and said:

"It's a shame, but everybody seems to be blaming Mrs. Moody

for finishing off Miss Jacobs so quickly. I think this is unfair. It was the only thing to do under the circumstances."

Mrs. Wightman revealed that when she had walked on the court to talk to Miss Jacobs in the second set it had not been to ask the latter to quit, but whether or not she wanted the bandage removed.

"What can I do?" Mrs. Wightman quoted Miss Jacobs as saying. "I have to go on!"

Langlen, Net Star, Is Near Death

PARIS, July 2 (INS).—Suffering from pernicious anemia, Suzanne Langlen, former French tennis star and one of the most colorful figures ever to appear on the courts, was given a second emergency blood transfusion today. Physicians reported she was "sinking fast."

Helen Wills Beats Jacobs

WIMBLEDON, England, July 2.—In a one-sided, yet dramatic, climax to a bitter 15-year court feud, Helen Wills Moody wrote the concluding chapter to her sensational comeback campaign by trouncing her sister Californian, Helen Jacobs, 6-4, 6-0, here today.

The "Poker Face" of tennis fame accomplished what no other player has ever done—the winning of the Wimbledon singles title for the EIGHTH time.

And once again the triumph was marred by the cry of injury, as Miss Jacobs apparently suffered a leg injury. As she walked off the court, she complained "My leg hurts terribly."

Thus, in reverse, the historic encounter of 1933 was re-enacted and Helen Wills gained vindication for her famous walk out at Forest Hills that never will be forgotten as long as tennis is played. That time it was today's victor who left the court complaining of a back injury.

Purge Traps Leaders

Link Litvinov In Stalin 'Plot'

LONDON, July 2 (INS) — Two London newspapers today published articles linking the names of Soviet Foreign Commissar Maxim Litvinov and his British-born wife with rumors of a new and spectacular "purge" of Dictator Stalin's political adversaries.

The Daily Sketch in an undated article said "startling reports" of the new Russian "purge" have just reached London, one of them even saying that Litvinov himself had been arrested and that a score of other famous Russians, whose names were kept secret, had been "trapped" with him.

STALIN PLOT BARED

At the same time a Reuters News Agency dispatch from Tokyo said that the flight of G. S. Lushkov, a high official of the Soviet internal commissariat and former official of the OGPU (secret police), into Manchukuo was attributed in "well-informed" circles to discovery of an OGPU plot to assassinate Stalin.

The Daily Sketch said that although the rumor of Litvinov's arrest was officially denied in Moscow, London relatives of his wife said they had heard no news of her for ten days.

A Warsaw dispatch to the Daily Express reported that Madame Litvinov has disappeared from her Moscow apartment and that the fact she has not been heard from for four weeks deeply worried her friends in the Soviet capital.

GUARDED BY JAPS

Lushkov's flight from Soviet Siberia into Japanese-dominated Manchukuo created a diplomatic sensation. Japanese authorities at Tokyo said he had "emerged himself into Manchukuoan territory in order to become an exile," adding: "He felt himself to be in personal danger as a result of a purge now proceeding in the Soviet Union. He is now being protected by the Japanese police."

Reuters reported that Lushkov was "regarded to have been the leading conspirator" in the purported OGPU plot to kill Stalin and overthrow the Soviet regime.

Among documents said to have been found in Lushkov's possession was an appeal for mercy, written in blood, by a "General A. Y. Rapin" who supposedly committed suicide after writing that he was "unable to bear any more torture."

Nazi Officials Are Seized in "Purge"

LONDON, July 2 (INS)—Joseph Buerckel, overseas for Chancellor Hitler in Austria, ordered the arrest of 12 official Nazi business administrators on charges of corruption. Reuters News Agency reported today from Vienna.

The dispatch said Buerckel, the Nazi commissioner for Austria, had the arrested officials speedily sent to the big concentration camp at Dachau, Germany.

The men reported seized in the Nazi "purge" were administrators placed over private business enterprises by the Nazi party soon after Hitler annexed Austria to Germany.

BILLION FOR DEFENSE

MOSCOW, July 2 (INS)—To help keep pace in the world arms race, the Soviet government today announced a \$1,000,000,000 loan for defense and industry.

Cheering Factors

The conservative Magazine of Wall Street in its detailed report of current business conditions listed the following favorable factors:

- 1.—The depression is flattening out.
- 2.—Federal pump priming speeding up.
- 3.—Capital financing improved.
- 4.—Progress in price-inventory adjustment.
- 5.—Rally in commodity and security markets.

NEW YORK, July 2 (INS)—Marriage license bureaus here were in the midst of their worst slump in history today. The first day of the month passed with only seven couples applying for licenses. The day before set a high record with 306.

Reason for the sudden drop was the new law requiring blood tests.

Wall Street Finds Business On Upgrade

Ever cautious in its approach to the delicate problem of "recession," Wall Street was seen today reacting favorably to the national recovery drive by business leaders.

From Dun and Bradstreet, nationally famous credit agency, came the announcement that there was a "shift to improved sentiment."

The report stated in part:

"There is more generous consumer buying. With inventories of many lines of general merchandise at low ebb in most stores, orders to wholesalers specify larger quantities and were released with less caution."

The agency emphasized a brisk pick-up in consumer demand in sections where wheat marketing had started.

The Magazine of Wall Street, semi-official spokesman for the "street" sounded a note of optimism.

In an analysis written by John D. C. Weldon, appearing in the July issue today, it was stated: "Today there is some evidence of actual business improvement. It is slight, but at a time when sentiment had become attuned to further losses even the most trifling gain carries magnified reassurance."

"Industries, especially the steel industry, have shown modest recovery."

"Summer and autumn prospects seem more cheerful, and good orders are expected to come out of the pump priming and naval armament programs."

Recovery Now Really on Way

Recovery is a reality!

Not "talked about" or a Utopian dream—BUT ON ITS WAY.

Today business leaders cooperating to wipe out depression by re-employment and increased buying were rewarded with favorable reports by the New England representatives of a national statistical organization and the optimistic viewpoint of a large insurance company.

The Standard Statistics Company, of Post Office square, made the following report to the Boston Evening American:

"Developments during the recent past provide basis for the belief that the low point of the current depression is close at hand and that a revival will get under way by late summer or early fall."

"This is not to say that an uninterrupted recovery is its immediate prospect or that a cyclical rise lasting for several years is about to begin."

"Nevertheless, there are a number of constructive factors now present which warrant a more optimistic attitude toward the outlook for business over the next few months."

"THERE CAN BE NO DOUBT WHATEVER THAT BUSINESS SENTIMENT HAS TAKEN A DEFINITE TURN FOR THE BETTER WITHIN THE FEW PAST WEEKS."

Public Now Ready to Buy

Myron E. Watson, general agent of the Fidelity Mutual Life Insurance Company, said:

"Recent experiences which I have had convince me that the public is willing to buy when the salesman has enough confidence in the future, his proposal, and himself to make a confident presentation."

"Public confidence cannot be built up by a business attitude which shows a lack of confidence."

"A confident business attitude will reflect itself in a confident buying attitude and can do more to eliminate 'recession' conditions than any other one thing."

"Those organizations which go forth to sell business confidence as their own product will bring about a general prosperity of which they will be the earliest and greatest beneficiaries."

Textiles and shoes today joined New England's recovery march in business and industry.

Almost overnight, the textile mills of Lawrence returned to nearly capacity operation. Officials of the M. T. Stevens & Sons plant in North Andover reported two shifts operating in most departments and three in others.

Industries Here Speed Up

Three shifts were at work in the Shawheen mills of the American Woolen Company, with orders enough to insure steady work through August.

Officials of the Arlington Mills reported a large payroll increase, particularly in the combing department.

The shoe industry has made rapid recovery, with New England leading the nation in production during May, when the output was 12,133,173 pairs.

This was a 3 per cent increase over May, 1937.

U. S. Lagging In Job Gain

GENEVA, July 2 (AP)—The United States was one of the only three countries in which unemployment increased in the second quarter of 1938 compared to the first quarter, the International Labor Office announced today.

Statistics showed an increase of unemployment in nine countries compared to the second quarter of 1937, but in all of them except the United States, Canada and Belgium there was an improvement over the first quarter of this year.

United States figures based on American Federation of Labor calculations: 11,129,167 unemployed second quarter of 1938; 8,312,828 second quarter 1937; 10,973,000 first quarter 1938.

Fascists Forbid Plays by Jews

ROME, July 2 (INS)—Managers of touring Italian theatrical companies today were instructed by the government to cut plays by Jewish authors from their repertoires, regardless of the nationality of the Jewish authors in question. Measures also were taken to limit circulation of books written by Jews in Italy.

Wage Cuts Seen Recovery Hurdle

WASHINGTON, July 2 (AP)—The American Federation of Labor coupled an observation today that business prospects were better with a warning that wage cuts might "offset the beginnings of improvement."

"The deep pessimism which has overcast business thinking for the past few months seems to be giving way to more hopeful and buoyant thinking," the AFL said in its monthly business survey.

The federation said the situation was "still critical," however, and reiterated a twin policy of "union resistance to wage cuts" and "insistence on wage increases wherever industry can pay them."

A similar sentiment against wage reductions was expressed by John L. Lewis, CIO chief, yesterday.

The AFL survey estimated the number of unemployed in May was 11,414,000, an increase of 3,500,000 over May, 1937.

AMELIA GONE YEAR

Lighthouse on
Tiny Isle Marks
Flight Tragedy

SAN FRANCISCO, July 2 (AP)—A monument on a desert island and a prosaic ruling which established legal death stood today as reminders that just one year ago Amelia Earhart of Medford, Mass., and Frederick J. Noonan vanished trying to fly across the vast South Pacific.

On tiny Howland Island, 1500 miles southwest of Hawaii, a bone-white lighthouse tower—the "Earhart Light"—marks the sand spit which the aviatrix missed on a hazardous leg of her world flight.

The lighthouse was erected by Hawaiian colonists sent to the barren island in a program of developing potential American air bases in the mid-Pacific.

Disappearance of the couple, which led to the greatest search ever launched in one of the world's loneliest quarters, had its sequel, too, in an Oakland superior court, where Navigator Noonan was declared legally dead last month.

Early the morning of July 2, 1937, a radio message from Miss Earhart's plane, speeding toward the island from Lae, New Guinea, foretold of death in shark-filled waters as an end to the flight which the aviatrix undertook "just for fun."

While the Coast Guard cutter Itasca, stationed at Howland to aid the fliers, vainly sought to give them radio bearings, Miss Earhart reported no sight of land and but 20 minutes gasoline to complete the 2570-mile flight.

An attorney for Noonan's widow, now Mrs. Harry Ireland of Santa Barbara, introduced the Itasca's official report at the hearing to determine the navigator's death. It told of the last word from the plane:

"Earhart contact at 2:20 E.S.T. reported half-hour fuel and no land fall (sight of land). Position doubtful."

Gigolo Job Offer For Tucky's Dad

PROVIDENCE, July 2 (AP)—An offer from a New York escort service to join its list of employes who make their living filling in at bridge parties and visiting night clubs on a commission basis has been received by Francis O. French, father-in-law of John Jacob Astor and an applicant for relief or WPA work here.

French admitted he had received the offer, but doubted that he would take it as he couldn't afford to go to New York. The job is on a commission basis and he had an idea he might be too old for the "work."

Whether he will obtain a relief job in Middletown, where he has applied for assistance, is still undecided, Edward P. Reidy, state director of public welfare, said today.

Reidy disclosed that Middletown's state unemployment relief director, Miss Jean Lutz, has written to Mrs. Astor, requesting an interview, but has received no reply.

The purpose of such an interview, Reidy said, would be to determine whether Mrs. Astor has any independent income. If she has, he added, she is obligated to provide for her father under Rhode Island law.

Five others died in the cave-in and three were in hospitals with injuries.

J. D. Painter, the last man brought out, had been pinned by rock 19 hours. He talked with rescue crews for hours, begging them:

"Blast me out!"
Painter mumbled a few words as he was carried up a passage from the chamber 3000 feet underground, then died.

Babs' Count Maps Fight

LONDON, July 2 (INS)—Count Court Haugwitz-Reventlow today embarked upon a legal drive to clear himself of a charge lodged by his estranged American born wife, the former Barbara Hutton, that he threatened her with bodily injury.

This morning the 42-year-old count sequestered himself in one of London's most fashionable hotels with his legal advisers, who helped him map a far-reaching campaign expected to lead to a Danish divorce or separation, to be obtained probably by Barbara.

The countess remained in her palatial Regents Park residence, consulting with her mother, Mrs. Franklyn L. Hutton, who was met by her daughter at Croydon airport when she arrived by plane from Paris.

Wan and tense, the debonair Danish nobleman appeared in ancient Bow Street court after a hurried trip from Paris and answered the countess' allegation, contained in "Case No. 13," with an emphatic plea of innocence.

Magistrate Rolfo Campbell released him in \$10,000 bail after he promised he would not carry a revolver and would not return to see Barbara or their two-year-old son Lance until the charge against him had been adjudicated.

Magistrate Campbell fixed next Tuesday as the date for a formal hearing when Barbara's accusation against her second titled husband will be thrashed out.

Austere in simplicity, funeral services for the 21-year-old publisher, heir were to be held in the reception room of his mother's Los Pablanos ranch, shortly after Colonel McCormick's arrival.

Services for young McCormick's climbing companion, Richard Whitmer, who shared the tragic end of their mountain-climbing trip June 22, were pending the arrival of his mother, Mrs. T. E. Whitmer, from England.

Rainy Holiday Likely, But Trek Jams Traffic

Hampered by lack of sufficient long-range data, the federal building weather bureau today was able only to issue an "unofficial" prediction of intermittent showers on the Fourth of July all over New England.

More specific was the forecast for today and tomorrow, which calls for fair skies streaked with occasional clouds and little change in current temperatures.

Despite these inauspicious weather omens, thousands of holiday-makers were crowding trains, boats and airships in the annual Independence exodus to vacation resorts and a wide wave of automobile traffic had already begun to sweep across New England highways.

The New Haven road made preparations to carry nearly 100,000 extra passengers, while the Boston & Maine added hundreds of extra cars and buses to regular schedules.

Clubs and restaurants are permitted to remain open until 3 a. m. on the Fourth. Ban on liquor sales after 1 a. m., however, was not lifted.

He said "Hi" again today when Mrs. Devau came for him. But that "Hi" was an eloquent one.

Death Takes No Holiday

Prophet's July 4 Picture

THIS IS FOR YOU AND YOU—Unpleasant, but sure as fate is this scene, a blended cross section of the July 4 weekend auto panorama. Records show that many will die, many suffer

tortures of body and regret, as a result of auto accidents. Perhaps a bit of caution on YOUR part will prevent a terrible smashup, make the holiday happier for many.

Don't--Be Safe! Do--- You Risk Injury!

Here are Fire Commissioner Reilly's rules for a safe and sane Fourth of July:

DON'T leave children alone with firecrackers.
DON'T light firecrackers in the house or under piazzas.

DON'T set off roman candles, skyrocket, aerial bombs or similar pieces in congested neighborhoods.

DON'T throw lighted firecrackers at other persons or automobiles or other moving vehicles.

DON'T let anyone try to convince you that innocent looking sparklers are not dangerous.

DON'T set off firecrackers under tin cans.

BOSTON, Tuesday, July 2.—Twelve persons were dead today, three were dying and scores were injured as the result of unnumbered accidents throughout New England over the holiday weekend.

Six persons, including a mother and daughter who burned to death on the Worcester Turnpike, were killed in a crash in which three others were injured seriously and four hurt.

But Death Takes No Holiday!

Last Saturday morning, before the accidents, these people were alive, looking forward to the celebration of the holiday in the assurance that, whoever else was killed, they would not be harmed.

Their car crashed into an overpass abutment and burst into flames while scores of other motorists stood by, helpless to save them.

———, 28, of Sixth street; ———, 23, of Broadway; and ———, 22, also of Broadway, all South Boston, were on the danger list at Boston City Hospital after crashing a railroad abutment in Summer street, South Boston.

Holiday Injury List Off to a Big Start

The holiday week-end toll of accidents was off to an early start today continuing to add hourly as thousands of persons headed for country and seashore.

Many persons were injured with in a few hours in Greater Boston alone.

A Cambridge "safety" island brought disaster to a mother and daughter after they had traveled by automobile from their home in Omaha, Neb., without incident.

EARLY VICTIMS

Mrs. Mabel Doney, 62, the mother, suffered a fractured skull when the car hit the island. She and a daughter, Mabel, whose jaw was fractured, were taken to Cambridge City Hospital. Another daughter, Elma, was not injured.

Robert J. Brewer, 50, of Hemenway street, Back Bay, sustained a broken leg and possible skull fracture and concussion when he was hit in Park drive, Back Bay, by an automobile. Police charge the car was operated by George Dodge of Oliver street, Salem. He was charged with operating while under the influence of liquor.

Hodges was captured after a chase by James G. Ferris of Cala-

met street, Roxbury, who told police Hodges did not stop after knocking Brewer down.

ROXBURY CRASHES

Luke Digman, 70, of Bromley park, Roxbury, suffered concussion of the brain and severe cuts and bruises when struck by an automobile in Columbus avenue, near Roxbury Crossing.

Five persons, including a woman and child, were injured today when a truck and sedan collided at Smith and Alphonso streets, Roxbury.

Treated at Boston City hospital were Charles Abosamra, 24, of Pawtucket, driver of the truck; Joseph Trigali, 18, of Wensley street, Roxbury, driver of the sedan, his brother, Salvatore, Mrs. Rose Velle of Franklin street, Braintree, and her nine-year-old son, Philip, who were passengers in the sedan.

The truck tipped over and demolished another unoccupied parked car owned by Miss Julia Murphy of Beacon street. Bernard Dunne, 25, of Myrtle street, West End, was injured when an automobile collided at Franklin and Congress streets with Fire Engine 36. Four companions were slightly hurt.

Hamilton Bids For Deal Foes With Wreath

WASHINGTON, July 2 (INS)—In a new bid for a bipartisan alliance of New Deal foes, Republican National Chairman John D. M. Hamilton announced today he would lay a wreath on the tomb of Thomas Jefferson at Monticello July Fourth.

Recalling Jefferson as the author of the Declaration of Independence, Hamilton declared the Republican party better exemplified Jeffersonian principles today than "do those who call themselves New Dealers."

He urged Jeffersonian Democrats "to join forces with us" to impose Jeffersonian principles on the federal government.

The pilgrimage in Jefferson's shrine will mark Hamilton's second effort to win conservative Democrats in the South over to the Republican convention at Birmingham, declaring there is "no insurmountable barrier between real Democrats of the South and the Republican party."

Hamilton's visit to Birmingham was one of the steps that provoked Rep. Hamilton Fish, Jr., of New York to demand his resignation. Fish's demand, however, drew from the C. O. P. national executive committee a vote of confidence in Hamilton's conduct of his office.

Undeterred by criticism from within his own party, Hamilton will make another effort on July Fourth to further the proposed conservative alliance.

The Senate campaign investigating committee, meanwhile, prepared a questionnaire to be submitted to every senatorial candidate, inquiring whether federal funds are being used in his behalf.

Senate Plans Quiz Into Acts of Hague

WASHINGTON, July 2 (AP)—The Senate civil liberties committee, informed persons said today, will turn its attention to Mayor Frank Hague and complaints against Jersey City politics before Congress meets again.

Chairman La Follette (Prog.-Wis.) has parried questions about this subject for weeks. He has replied to them by saying the special committee must first wind up its inquiries in the field of labor relations and by mentioning limited funds.

The committee recently received an additional \$60,000 from the Senate, however, and expects to complete the labor relations inquiry within the month.

Committee investigators said they had a "thick file of requests" for an investigation of the Hague regime in New Jersey.

Among these requests are those from Reps. O'Connell (D-Mont.) and Bernard (EL-Minn.). House members who failed to keep a widely publicized speaking engagement in Jersey City, and Norman Thomas, Socialist leader.

The Senate resolution creating the special committee two years ago directed it "to make an investigation of violations of the rights of free speech and assembly."

Labor leaders have contended that Hague has abrogated these rights.

Editor, Wife Found Slain

CORTLAND, N. Y., July 2 (AP)—Chelsea Sherlock, 42, former editor of St. Nicholas Magazine, and his wife were found shot to death at their farm home on the Virgil-Dryden road in a mystery being probed today.

Coroner Chapin said neighbors heard two shots late the day before the bodies were found and believed Sherlock was hunting woodchucks. The coroner said the two had been dead 24 hours when found.

Twice within an hour a youthful bandit trio, sought in connection with a series of armed robberies during the past three weeks, held up gasoline stations in Revere and Malden today.

First they robbed Frank Hanson of Central avenue, Everett, attendant of a station on Broadway near the American Legion parkway in Revere, taking \$30.

Hanson said one raided the cash register, another kept him covered with a gun and the third yanked the telephone from the wall.

The third next jumped Frederick Blake, attendant of a Broadway, Malden, gasoline station, seized \$15 from his person, pulled the telephone from the wall and fled.

Descriptions of the trio and their method of disconnecting the telephone were said by police to tally with the holdup of a Broadway, Chelsea, diner four days ago.

Hubbies, Do Your Dishes

CHICAGO, July 2 (AP)—If a husband expects his wife, who is a job-holder too, to cook the dinner, he should wash the dishes—and the result would be divorce depression and a boom in business.

That is the opinion of Mrs. Harriette "Quinty" Quisenberry of El Paso, Tex., president of Altrusa International, Woman's Executive and Professional Club.

Here, she said, is how it would work out:

"Man, prone to look for the easiest way to do things, would quickly tire of washing greasy dishes—and u-uh, greasy pans. He would go out and buy a mechanical dishwasher. Boom would go that business."

"And likewise boom would go the business in all work-saving gadgets such as the latest thing

Hub's Housing Projects Start In Two Weeks

Work will begin within two weeks on the first of Boston's new housing projects, it was announced today by John A. Breen, chairman of the Boston Housing Authority.

Work that would start at once came after announcement in Washington that Massachusetts housing projects totalling \$31,700,000 had been approved, more than \$20,000,000 of them in Boston.

At the same time, Mayor Tobin announced he had definitely rejected a \$1,125,000 PWA grant for a new Boston city hall. He said the Federal grant would cover but a portion of the cost and that the city could not afford to spend the rest.

The first project will be located in the Hayes square section of Charlestown and calls for construction matching Old Harbor Village.

Two other projects, not so large, will begin almost at the same time in Roxbury. One will be in the Mission Hill district and the other near Dudley street.

Later, projects will start in East Boston, South Boston, West End and North End. The treasury and postoffice departments also have decided to construct 260 public buildings in many parts of the country, 10 of them in Massachusetts. One is to be the \$2,800,000 postoffice in the Bank Bay.

Other Massachusetts cities which have money earmarked at Washington for housing projects are Lowell, Holyoke, Chicopee and Cambridge.

Slain Morris' Widow Hunted To Aid Probe

By JAMES F. McENANEY
Boston Evening American Staff Correspondent

NORTHAMPTON, July 2.—State police today began a search for the widow of Charles Morris, Connecticut river murder victim, in the hope she may be able to throw some light on his activities prior to his death.

It was learned that Mrs. Alice Miller Morris, mate of the race track follower, who was slain, buried in a shallow grave under a South Hadley Falls camp and then cast into the river, moved to Ardenham last September. She formerly lived in a New York apartment.

Meanwhile, Mrs. Margo Bathelt, New York heiress and wife of J. Paul Bathelt, 26-year-old son of a Hollywood contractor who is held as Morris slayer, was denied admittance to her husband's cell here for a second visit with him.

In a dramatic meeting yesterday, Mrs. Bathelt, who came here despite a broken leg in a cast, conferred for 30 minutes with Bathelt in a whispered conversation. She will not be allowed to see him again until Tuesday.

Mr. Bathelt refused to answer questions put to her by state police. She was driven to the Holyoke home of her father-in-law, Paul J. Bathelt.

Police today were planning to hold a former Holyoke man as a material witness when he returns to this city the first of the week.

Await Report On Roosevelt Insurance Deal

Editor F. Delano Putnam today was preparing his report on charges brought against a Boston bank that it had switched an \$800,000 insurance policy from one insurance company to another as that James Roosevelt, eldest son of the President, might get the commission.

Details brought out at the hearing before Putnam were revealed exclusively yesterday in the Boston Evening American.

Bringing the charge was Arthur D. Cronin, an insurance broker who seeks \$31,750 plus interest in a civil suit against the bank. His counsel, Romney Spring, declared that the bank had withheld the huge policy from his client to give it to a firm with which young Roosevelt was connected.

Robert Dodge, counsel for the bank, asserted that Roosevelt was not personally concerned and that there was no evidence showing the bank had benefited politically by the deal.

Spring said two vice-presidents of the bank had conceded they sought to throw the commissions into the hands of O'Brien Russell and Company, Roosevelt's firm. When he asked one of the vice-presidents whether this move was made to get James the commission, Spring said, the vice-president replied:

"Yes, sure, I wanted him to get the business."

In reference to the charge that the national political situation had played a part in the insurance transaction, Dodge declared:

"James Roosevelt personally had nothing to do with this insurance."

"We were asked to show our books covering our government deposits in the hope they would show something political. But there wasn't anything there—no evidence of any political gain to the bank through the insurance."

Cronin based his suit on the grounds he had spent several months arranging for the policy and that despite his work he had been wrongfully deprived of \$31,750 in commissions.

Gettysburg Again Hears Battle Call

Gettysburg, Pa., July 2 (INS).—Muffled drums sounded an historic battle call in the martial air of Gettysburg today—"Veterans' Day" in the 75th anniversary celebration of the "war between the states."

And for the scant 2000 survivors of the Civil War, gathered here for their final reunion, Uncle Sam's service units formed in parade on review.

Three-quarters of a century ago, shells screamed over Cemetery Hill and powder-smoke befogged the valley as the second day's fighting swung back and forth outside the town.

Today the strongest war reminder was the polite bark of saluting cannon, the clump of marching army men and the blare of military bands.

State and Federal anniversary commission members hoped for clearing weather after a day of rain that drenched Gettysburg and its hallowed battleground. Tomorrow they welcome President Roosevelt for his dedication of the "Eternal Peace" memorial on Oak Ridge, scene of the first day's hot fighting in 1863.

The President was to arrive by train from Hyde Park, motor direct to the site of the torch-topped

monument under military and motor police escort, and depart immediately following the dedication ceremony.

Twenty-five years ago President Woodrow Wilson came to Gettysburg with Secretary of War Garrison for the 50th anniversary reunion. Tents for 50,000 Civil War veterans sprawled across the same acres then.

Twenty-six veterans, overcome by exhaustion or infirmity, are under hospital care today.

China Facing Carving Knife

PEIPING, July 2 (AP)—A plan for ending the Chinese-Japanese war by carving China into at least five autonomous units was being drafted today, it was reported, by Chinese members of the Peiping provisional government and their Japanese advisers.

It was admitted the plan had little chance of early acceptance by the Chinese government of Generalissimo Chiang Kai-Shek, but it was believed to be an indication on the basis on which Japan would be glad to terminate the conflict, now only five days from its first anniversary.

Japanese sources indicated European powers would be offered spheres of influence as a bid for European acceptance of Japanese partial conquest of China, giving the whole scheme a general resemblance to the plans of imperialists of 40 years ago, when the break up of China appeared imminent.

The five autonomous states envisaged by the draft plans were said to be:

North China—under the present Peiping provisional government.

Inner Mongolia—under Tse Wang, Japan's Mongol friend who heads the present Mongolia Federation with the capital at Kweihsia, in Suiyuan province.

East China—under the Japanese-dominated "Nanking" reformed government of China.

Central China—under the present Chinese government at Hankow.

South China—under a combination of Kwangtung-Kwang provincial leaders.

Authoritative sources said Japan would be willing to recognize Chiang Kai-Shek as head of the Hankow regime if he would accept the draft plan was said to provide for the following spheres of influence:

Japan in North China and Inner Mongolia.

Germany in Shantung, where she had an economic foothold before the World War.

Russia in the lower Yangtze Valley, including Shanghai.

France in South China.

Charges 'Reds' Now Dominate U. S. Shipping

NEW YORK, July 2 (INS)—The Communist party, State Senator John J. McNaboe charged today, has "conducted an aggressive penetration" into the school system, civil service, relief and hospitals, transportation, shipping, radio communications and many industries.

McNaboe made his charge as he adjourned, subject to his call, sessions of his legislative committee investigating crime and un-American activities.

Before adjournment Joseph P. Ryan, head of the International Longshoremen's Association, charged in two hours of testimony that Communists poured \$5,000,000 of Russian money into a single strike and since 1935 have "succeeded in dominating" American shipping unions.

"Today the national maritime union is dominated by Communists and the rank and file of American seamen are helpless," he asserted.

"This Communist leadership of shipping unions is a dangerous situation for the United States."

"Joseph Curran and Harry Bridges, in the seamen's group organizations, are either Communist in fact or dominated by Communist influences."

"Their activities on the West Coast have made San Francisco the ghost village of the shipping industry."

'Spike' Chace Gets
Reward of Rewards

By BETTY ALDEN

THE past eight days of "Spike" Chace's life have been like the final chapters of a Rover Boys story. Last Friday, between long rows of gayly decorated yachts which lined the Thames in New London and to the thunderous applause of thousands of spectators cheering and calling his name, he stroked the varsity crew to victory for the undying glory of dear old Harvard and today he received the reward of rewards, the lady of his choice.

Pretty Betsey Luscombe became his bride in the Church of the Messiah, Woods Hole, at noon and Rev. James Bancroft pronounced the words which changed Betsey's name to Mrs. James Fletcher Chace.

Betsey, daughter of Mr. and Mrs. Walter O. Luscombe, of Fitchburg, and Woods Hole, is the first of last winter's debs to don bridal satins and lace, though she is not the first bride of the group. Beulah Washburn's marriage in February preceded Betsey's engagement announcement by a week, but Beulah became Mrs. Charles B. Swartwood, Jr., at a small wedding with a definite lack of fuss and feathers.

Betsey had no trouble finding "something old" to incorporate into her wedding costume for good luck, since she wore an antique rose point lace veil which has been in the family since one of her ancestors purchased it in Brussels in 1857. It cascaded over her ivory satin gown from a coronet of lace which formed part of her grandmother's bridal costume many years ago and her bouquet combined lilies of the valley and gardenias.

J. P. Morgan's granddaughter, Mrs. Raymond S. Clark (Louise Converse Morgan) who so successfully outwitted cameramen at her lavish Fifth Avenue debut party as well as at her wedding last summer, was one of Betsey's hyacinth blue clad bridesmaids and her husband was among the eight ushers. Gabriella Davis, of Ossining, N. Y., the maid of honor, wore shell pink chiffon with a matching hat and bouquet of pink and blue flowers, while the six bridesmaids all wore hyacinth blue. The bride's little sister, Helen, wore a deeper shade of pink, with a bouquet of forget-me-nots and sweetheart roses, for her flower girl role.

Her flowers are white roses. She has chosen a bevy of popular North Shore girls to walk in her bridal procession, with Betsey Jaques as maid of honor and little Gertrude Altmeus, of Roslyn, L. I. flower girl.

Betsey's gown is equamarine, fashioned with a faille bodice, and a billowy aqua net skirt over pink. Newspapermen Quiz 'Mike' on Engagement

What Has Happened:

On the spotlight way to fame as one of baseball's most publicized heroes, "Handsome" Larry Regan, spectacular young southpaw (left hand pitcher), wants to marry the mahogany-haired "Mike" Shannon, magazine counter girl at the Eureka Hotel.

She is the main support of her family. Furthermore, she is reluctant to become engaged to such a wild oats sower who is already the despair of his team's management.

But, sympathetic herself and urged by "Wish" Malone, the club's No. 1 scout, she is trying to reform Handsome who soon insists on giving her a diamond ring. . . . She is watching him pitch for the first time. Although a bit unsteady, he wins his game by clever work in the pinches. The team takes to the road and both "Mike" and Handsome begin to feel lonesome.

Now Continue:

CHAPTER TWELVE

"It's my business to know things," Wish said with a grin. Then he added: "Nothing psychic in it. Handsome told me the day he left town. Just thought you might start wearing it. For the psychological effect on the kid."

Mike shook her head: "I will soon, but I'm superstitious. I'm afraid to have people know. Afraid something will happen." She smiled ruefully. "Silly, isn't it? I'm as bad as Handsome. But I haven't told mother yet."

Wish did not make any comment and he left shortly.

Next morning Mike came to work looking eagerly for her letter. It was not there, but several people were waiting for Mike's arrival. They turned out to be newspaper people, and some camera men.

"We've been waiting for you Mike Shannon," one of them began, even before Mike could read a telegram which stood where her letters always were put.

"Is it true you won't let your engagement to Handsome Regan be announced until he wins two games straight?"

They crowded around her, and gradually people in the lobby, curious, joined the group around the magazine counter.

FACES STIFF QUIZ

"I don't know what you mean?" she faltered.

"Didn't you see Calliope's column this morning?"

Mike hadn't. She had been too busy over the sports pages. There was a pretty scathing article about the "Sheik of Charlotte" and his pitching. Somebody handed her the columnist's comment.

They say Handsome Regan's heart won't wear his ring until he wins two games straight. She's the red-head behind the magazine counter at the Eureka Hotel.

The cold print left Mike speechless.

"Is the telegram from Handsome?" somebody asked, and Mike noticed the yellow envelope held crumpled in her hand.

"I don't know. She stared at it. 'Better open it,' somebody advised.

Her hands trembled as she tore the wire open.

"O. K. Two games straight. Honey and no fooling," (signed) "Handsome."

Somebody took the wire out of her hands. In the general confusion Mr. Downey arrived. "This way, gentlemen," he said. "Miss Shannon will come up to my office. Come, Mike. Hurry, you wait until we come back."

In a daze she did as she was ordered. It was her first experience with a newspaper interview.

"How long have you been engaged to Handsome?" somebody asked.

"What does he like to eat? Is it true he gets more fan mail from women than any other player?"

FLASH BULBS BLAZE

Flash light bulbs blazed. Everybody talked at once. Mr. Downey guided the interview swiftly. Mike hardly knew what was happening. Everybody copied the telegram. Everybody talked fast and then it was all over. When the reporters dashed for telephones, Mike and Downey were left alone.

"Oh, Mr. Downey, maybe I shouldn't have talked to them!"

"Why not? Don't be silly! Of

course, you should. It is nothing. Forget it. Now we'll get back to Roy. He's probably wild."

Mike went back to work, but the hubbub kept up about the counter. Everybody had to come over to wish her happiness. She was weary, her head ached. But it was not until two hours later, when she saw her picture staring out at her from the afternoon newspapers that she realized what she had done.

There was Handsome's telegram. Stories about her and Handsome. "I've got to get away from here!" she gasped. "Send for Mr. Downey."

He came hurrying, surprised at the state in which he found her. "It's awful," she gasped. "I didn't realize . . ."

Downey tried to quiet her. "Listen, kid, you can't get engaged to a chap like Handsome without all this."

"I didn't realize . . ."

"You've got to get used to it. It's going on for a long time, if he clicks."

"But maybe the club won't like it!" she gasped. "What shall I do?"

"DO? Do nothing. There's nothing to do but wear your ring when Handsome wins two straight games."

SUSPECTS WISH

"But how did Calliope find out about it? Why did he say that about the two games? I never said any such thing. Mr. Downey. Honestly, I didn't."

"Newspapers have a way of finding out things," Downey looked at her speculatively. He wondered if Wish had anything to do with that item in the Calliope column. The old fox! Downey grinned at Mike's distress but he did not mention Wish's probable part in the plot.

During the afternoon, scores of people came in just to see the girl Handsome was going to marry. The place was in a turmoil. Later in the day Wish himself dropped in to see Mike. He found her half hysterical.

"Now, now. Keep your chin up. What is there to be so upset about?"

Mike's eyes were black with tragedy. "It's terrible. Wish. I'm just frantic. What will Mr. Crisp think?" Wish did not explain that Mr. Crisp would cheer if Handsome won his two games.

"I came in here to take you to dinner. Don't you worry about a thing."

Wish took Mike off to Bessimer's when she was through work. She was grateful to be with him, to talk to him about Handsome. They sat at the same table which she and Handsome always chose, and Wish talked to her quietly.

"We must wire Handsome, tonight. Here, what do you want to

SURPRISED—'Mike' was beset by reporters and cameramen in hotel lobby when a report was printed concerning her engagement to Handsome.

say?" He said pulling some telegraph blanks out of his pocket.

"I don't know," Mike said wildly. "Oh, Wish! How did I get into all this?"

"By being in love with Handsome. Come on, Let's say something like this. We want to get this off right away," Wish scribbled for a little.

"How's this?" He passed the blank over to her. "Know you'll win two games. Best of luck and love."

As Mike was reading, three photographers from the morning newspapers arrived. Wish seemed surprised to see them, but he called them by name when he introduced them to Mike.

MORE PHOTOS

"Now about a picture . . . you having dinner with Wish? Keep right on holding that telegram."

Miss Shannon. Take a pencil in your hand." Thus came instructions from the candid camera pros.

More photographs. When the pictures were taken, people began coming to their table. Suddenly Mike was again the center of attraction.

"A perfect set-up," Wish thought with pride. Handsome could not have made a better choice. And Wish patted himself on the back for his part in the whole matter. It would be good for days. If . . . Wish settled back . . .

So Mike suddenly found herself half of the country's most interesting romance. It was the June baseball season. Handsome had already caught the imagination of the baseball loving public. It was all that was needed to make him news.

There would be pictures of Mike listening to the radio broadcast of Handsome's next game. Wish toyed with the idea of flying Mike out to Detroit if Handsome pitched the second game there. But that might be dangerous. The excitement might throw Handsome off. Mike, of course, could not eat her dinner.

BURSTS INTO TEARS

"I'll drive you home," he said promptly. He had wanted to meet her family, see what they were like. This would be a fine opportunity.

They took a cab over to Wish's garage and were soon driving slowly through the warm, June night. Mike had lapsed into a moody silence.

"Take a little advice from an old fellow, Mike. Don't take all this too seriously. You're going to live from

now on in a three-ring circus. Make up your mind to it."

"But look at today! I let them do all this and never even realized what was happening!" She burst into tears. "It's horrible, being spread all over the newspapers like that. I'm ashamed to meet people."

"Think how the President must feel? Or the Duke of Windsor? You'll get used to it." But Mike did not believe him.

When they got to the old apartment house in Brooklyn, Mike asked Wish to come in. It was a more or less perfunctory invitation, but to Mike's surprise and consternation, he accepted. Mike led the way. Together the two walked into the Shannon apartment, straight into the arms of more newspaper people and her excited family.

Mike stopped short in the doorway of the crowded apartment.

Cameras, flash light bulbs, etc., were piled around the room. There were heaps of "dead" bulbs ever in the corner. The furniture was pushed about. They'd been taking pictures.

She hurried on through into the bedroom to Jimmie.

"Mike, Mike! They took my picture! I told them all about Handsome and how he buys me chocolate ice cream and sends me postal cards every day."

Mike sat down abruptly on the bed. In the room beyond, Wish was introduced to Mr. and Mrs. Shannon and to Jack and Mary. Wish finally went in to talk to Mike.

"You've got to be a good soldier, Mike. Come on out. You can't turn these boys down. You let the others take your photograph. Remember, it is Handsome's career."

"But I hate it! Oh, Wish, if I could only undo today!"

"Now go and wash your face, fix your hair. Forward march!" Wish felt sorry for the girl. But she had to learn. It would all be part of being Handsome's wife.

HIDES MIKE'S RING

Neighbors had begun to arrive in the small apartment, and there was no more room. The newspaper boys and girls wanted to see Mike's ring, but at that she rebelled.

"No. Not until the two games are won." She looked at Wish for his approval. He nodded. Then Mike tried to explain:

"My family didn't know about this," she said in a murmur.

That day left a lasting impression on Mike. She was never to forget the lesson she learned. It was a long time before everybody was out of the apartment and her family was there with Wish. The latter thought it was time to speak a word of warning.

"Mike, you must always be kind to the newspapermen. They have made Handsome. They can unmake him. He is not a private citizen any longer. He's on his way to being a national hero. Just always be careful. Remember from now on you're living in the spotlight. You must always think of Handsome and his career."

"I see that, now, Wish," she said.

"All this is new. There will come a time when it won't be so pleasant. There may be ugly things which you must face, but always be yourself, and be kind. If you must ever say 'no,' say it firmly but with regret. Handsome's chosen to make his living at baseball and all this is part of it. You can't make him or break him. . . later."

Rail Rate Boost
Held Up Month

The 20 per cent increase sought by the Boston & Albany Railroad in the price of 60-ton coal cars and 40-ton passenger cars was not sustained yesterday by the Interstate Commerce Commission. The commission held the increase for one month more investigation.

Vigorous opposition to the increase has been made at times by committee groups and others. The railroad estimates that the new rates would bring additional revenue of about \$38,000.

BOSTON AMERICAN

BOSTON, SATURDAY, JULY 2, 1933

So This Is Higher Education!

The Editor Says: Men of GOOD WILL are today lifting the country to a general pull-together level.

This sudden psychological change for the better by hitherto warring political elements might well be ascribed to the influence of the great shade that presides over the reunion of the Blue and Gray on the field of Gettysburg, which is celebrating the seventy-fifth anniversary of that momentous battle.

That shade is the living influence of Abraham Lincoln, whose last thought was that GOOD WILL should prevail among the peoples of both the North and South.

It was Lincoln who said in his immortal Gettysburg address:

"That this nation, under God, shall have a new birth of Freedom."

It was Lincoln, the reuniter, the healer of wounds, the man of infinite GOOD WILL, who said in his second inaugural address:

"With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in."

What Lincoln urged in both of these speeches seventy-five years ago were FREEDOM, CO-OPERATION and GOOD WILL. He is speaking to us again today, in 1933.

Let us forget our differences.

Let us get rid of fear.

Let us resolve to preserve that freedom that is the essence and marrow of America.

Let us have no malice in our hearts.

And with these principles we SHALL finish the work we are in—which is the RECONSTRUCTION OF A NEW, PROSPEROUS, UNIFIED PEOPLE.

GOOD WILL among all classes will lift us out of this business and financial morass into which we sunk through ILL-WILL and MISUNDERSTANDING.

BOMB-PROOF HIDEAWAYS are plentiful in Boston, according to Colonel Thomas F. Sullivan, head of the city's transit department.

Colonel Sullivan points to our many subways and tunnels, says they would be "ideal shelters" if we were ever invaded by an enemy air fleet.

Safest place in Boston, he believes, would be the East Boston traffic tunnel, which could accommodate at least fifty thousand people. Room for eighty-six thousand could be found in the East Boston subway. And no fewer than seventy-eight thousand could squeeze into the Dorchester tunnel, between Old Harbor Village and Winter Street Station.

Colonel Sullivan is wise; in a world bristling with arms and rumbling with rumors of war, it is well to think ahead and to be prepared for the worst.

But don't let Colonel Sullivan or anybody else do too much. In a poison gas raid, our tunnels and subways might easily become gigantic death traps. That has happened in other countries. It could happen here.

Our best hope for safety and security is in an air force and military defenses so powerful that NO NATION—not even the earth's most aggressive—would dare to attack us. We ought to be able to repel attacks. We ought never to have to flee underground to escape them.

The Political Parade

By GEORGE ROTHWELL BROWN

MARION, N. C., July 2
NO DEMOCRATIC politician in the country stepped to President Roosevelt's table for a side chat, in effort to turn it to his own political advantage with greater speed than did Governor John D. Johnston here in this little cotton seat.

Johnston is a sort of a palmetto version of Huey Long. He is young, robust, handsome in a way, and full of vinegar. Nature could have made a great demagogue out of him, by endowing him with a few more intellectual subtleties. He lacks the Kingfish's brilliant mind, while greatly resembling him in appearance and mannerisms. Perhaps the governor is subconsciously aware of the great demagogue of the Delta.

At any rate, if John D. Johnston finds his way into the United States Senate, over the political corpse of old William F. Smith, Washington is going to see a sort of composite of the Kingfish, Huey Long, Ben T. Logan and the late Jeff Davis of Arkansas. He will flock with the Blues and the Popes and the other birds in a bush.

Quick, like the Kingfish, Johnston seized upon the paragraphs of the Times which speak to read them as a direct challenge against Senators who refused to rubber-stamp the war against his leadership.

When in Marion he turned the tag of "moral death" of political man Smith.

And got a sick right back in the law, figuratively speaking, when "Cotton Pick" took the oath form before a small crowd of farmers and their wives who packed the hall.

NINE MONTHS ago when Ed F. would have been defeated for re-nomination to the Senate. Today he has better than a fighting chance. His opponents are not impressive.

But the depression tide has turned against Roosevelt in South Carolina, although the President's personal popularity seems to show signs of abating.

The new farm law, with its curtailed allotments of acreage, has aroused much resentment.

Marry-Go-Round

BESIDES, the Lathrop-Hopps, who regards every girl in the office as another conquest, can be found only in the movies these days. He is as much out of the picture as a horse-hair sofa or a comic valentine. The modern publisher does his romancing after office hours and keeps his business and his flirtations as distinctly separated as he does his shoes and collar. He often makes the hardest-boiled employer.

This is very hard on the brave young girl who has come to the big city all prepared to resist temptation and ready to watch out for the big bad wolf in sheep's clothing—and then finds no "temptations" to resist! It is a shocking disappointment to be all armed for a noble struggle, and then to discover that there is nothing to struggle against. These dull, prosaic days, most business men are merely sheep in wolves' clothing—which they wear to frighten the women AWAY!

The Office Romance is nearly always the real thing and leads to a happy marriage, because it is born of understanding and daily sympathy, not of moonlight and desire.

U. S. Army Outlines Plans for Defense

Recently this department offered a discussion of Boston's defense problem in time of an aerial attack by a foreign foe.

The problem was discussed theoretically and from the civilian's point of view. Today this department presents another analysis, as offered by the United States Army itself.

All of the material used in the following article was supplied by G-2 Headquarters, First Corps Area, Army Base, Boston.

By WILLIAM MICHELFELDER

Boston Evening American Staff Writer

Quite simply the United States Army says it:

"Should we in Boston be worried concerning defense? Not unduly so."

And in the next breath—

"The major lesson in modern warfare is to be derived from the conflict in Spain as well as the war in China. INDISCRIMINATE BOMBINGS OF CIVILIANS DO NOT AND WILL NOT WIN WARS!"

TODAY and TOMORROW anti-aircraft defense DEMANDS our attention and consideration. War of today strikes quickly and sometimes with little or no preliminary warning. Experiences have evolved adequate defense plans and Congress has been asked to supply the NECESSARY EQUIPMENT to carry out the plans.

In its report to this department, the First Corps Area, Boston, said:

"OUR PLANS CALL FOR FIXED ANTI-AIRCRAFT GUNS IN CERTAIN LOCALITIES WITH MOBILE ANTI-AIRCRAFT REGIMENTS TO BE MOVED AS EMERGENCIES DEVELOP."

"FIXED ANTI-AIRCRAFT GUNS SHOULD BE LOCATED IMMEDIATELY TO DEFEND FEASIBLE TARGETS OF DEFENSIVE MILITARY IMPORTANCE FROM AIR BOMBING."

Obviously, adequate defense measures require not only defending aircraft but also anti-aircraft artillery.

IN THE SAME WAY THAT COAST ARTILLERY SEACOAST GUNS DEFEND OUR HARBORS, FREEING THE NAVY FOR NAVAL DEFENSIVE ACTION JUST SO DO ANTI-AIRCRAFT WEAPONS PROTECT VITAL POINTS FROM BOMBING AND THEREBY FREE AIR FORCES FROM THIS DUTY.

Continues the report:

"To defend EVERY American city with either anti-aircraft artillery or defensive airplanes is an OBVIOUS IMPOSSIBILITY in view of the enormous quantity of material that would be required to set up a 24-hour air-tight defense."

What then to secure a reasonable defense?

FIRST—DEFEND MILITARY OBJECTIVES WITH FIXED ANTI-AIRCRAFT GUNS.

SECOND—DEVELOP SUFFICIENT RESERVE OF MOBILE ANTI-AIRCRAFT ARTILLERY WEAPONS ORGANIZED IN REGIMENTS.

HAVE SOME REGULAR ARMY UNITS AND SOME PARTIALLY ACTIVE NATIONAL GUARD UNITS WHICH CAN BE QUICKLY AVAILABLE IN AN EMERGENCY.

As for "scientific barbarism" as practiced in Spain and China today, with its bombing of helpless civilians, the Army report said:

"Indiscriminate bombing of civilians DOES NOT and WILL NOT win wars. To win a war every warlike act must be directed toward lessening the will of the enemy to resist."

These indiscriminate bombings done so?

"No!"

In each instance the will to resist has been increased instead of lessened.

"Thus the doctrine of winning wars by heavily bombing civilian

communities in rear of the battle line has fallen from esteem.

"A NATION CANNOT BE DEFINITELY WITHIN THE POWER OF AN ENEMY UNLESS ALL MILITARY DEFENSE HAS BEEN DESTROYED OR THE WILL OF THE PEOPLE SO WEAKENED THAT FURTHER RESISTANCE BECOMES IMPOSSIBLE AND THE TERRITORY IS ACTUALLY HELD BY GROUND TROOPS."

However we must ALWAYS PROTECT AND CONSERVE OUR SUPPLIES AND RESOURCES from which we manufacture our munitions of war that enable us to satisfactorily resist an invader.

Are we likely to be subjected to deadly gas attacks from the air?

Again the Army replies:

"Possibly. But not probable UNLESS AN ENEMY SUCCESSFULLY INVADES OUR SHORES."

THE QUANTITIES REQUIRED TO BUILD UP AN EFFECTIVE CONCENTRATION OF GAS OVER AN EXTENDED AREA IN SUFFICIENT DENSITY TO CAUSE HEAVY CASUALTIES IS ALMOST UNBELIEVABLE.

Why?

The Army report answers:

"Certainly the amount of gas to cause any large scale casualties in Boston would require more gas to be dropped at one time than can be carried by the long range of ALL THE MAJOR MEANS OF TODAY."

Before we can be thus attacked, again it is necessary to presuppose that the enemy has air supremacy, that our navy, its airplanes, our army and its aviation, HAVE ALL BEEN OVERCOME, and that our highly effective anti-aircraft artillery are out of the picture.

THEN AND ONLY THEN CAN WE BE SUBJECTED TO DISCRIMINATE AND WIDESPREAD TERRORIZATION FROM THE AIR.

Concluded the report:

"We should PLAN SANELY and systematically to carry out our national defense with a well-balanced program of ADEQUATE NAVY, AIR FORCE AND ARMY, including an ADEQUATE DEFENSE OF OUR HARBORS from sea attack combined with ADEQUATE ANTI-AIRCRAFT ARTILLERY."

(Another TODAY, TOMORROW feature will appear in Tuesday's Boston Evening American.)

MR. BOSTON

Louis Is Kayoed } Calls Off His
By Heavy Taxes } Go With Baer

By JACK CONWAY

JOE LOUIS announces from Chicago that he will not defend his title as world's heavyweight champion against Max Baer in September.

MR. BOSTON

This should be good news to Baer and also to the public. Baer was at the ringside the night Louis knocked out Max Schmeling, and any notion he may have had that he could defeat the "Brown Bomber" undoubtedly left his head after watching that exhibition of punch throwing.

The Louis statement should also be pleasing to boxing fans who do not believe they should be asked to pay their hard earned money to watch the champion knock out an opponent who previously got \$150,000 for quitting to him.

James Flack, one of Louis' managers, says that the reason the champion won't fight Baer in September is because he needs a rest after four title matches in a year.

Max Jacobs, speaking in New York today, says Louis may be a bit tired and in need of a layoff. Certainly, Louis does not believe he is tired as a result of any exertion he made against Schmeling. He only required two minutes four seconds to knock out the German, and was only in the glancing punch.

A 24-year-old boxer like Louis in the prime of his physical development should not require six to eight months to recover from two minutes four seconds of ring effort.

Tax Burden Has Stopped Louis

THE TAX burden is what has caused Louis to give up a plan to fight Baer in September. The champion has been told that the tax burden is too heavy for him to carry.

The Louis manager, James Flack, said that Max Jacobs, New York City, has been told by the tax authorities that the tax burden is too heavy for him to carry.

"Don't even a contract until you study these tax figures," declared Paul Dampski, manager of Gunnar Harlund, as he broke in on the conference.

Louis earned \$100,000 in the Schmeling fight and \$120,000 in the fight with Nitti. Max Jacobs, Louis' manager, says that the tax burden is too heavy for him to carry. He says that the tax burden is too heavy for him to carry.

Beginning with \$200,000," said Dampski looking at the figures. "Louis pays in surplus alone 62 per cent of his money to the Federal government. At \$250,000 the tax is increased to 64 per cent. There is also the normal Federal tax of 4 per cent on all taxable money earned."

"You pay a one per cent tax under an emergency measure on your gross income in New York State even though you may be a resident of Illinois," said a person in a position to know. "There is also a graduated New York State tax which is much higher than similar taxes in other states."

New York credits you for the amount of tax you have paid in your home state provided there is an agreement between the two states, but in most cases you will find the New York tax is the heaviest.

"Then there is your home state tax. This last tax so that you won't get lonesome."

75 Per Cent of Purse for Taxes

UNDER THESE conditions if Louis fought Baer in September 75 per cent of his purse would go to the tax collectors. He would be taking some risk without much chance of earning a Louis purse.

Even though Louis should knock Baer out inside of three or four rounds a boxer takes a risk every time he enters a ring. There is always the danger he will break a hand with the first punch out of the box, or suffer a bad cut that will make it necessary for the referee to stop the bout.

Louis would be willing to take these risks if he could get a fair share of the money he would get out of the bout, but under the present setup he figures it would be unwise for him to box.

Favors Elimination Series

WHEN PAUL Dampski flashed the tax figures, he did not do so to assist Louis. He wanted to help Gunnar Harlund, his heavyweight, get into the title picture.

"I have cabled to Harlund to return to this country from Finland," said Dampski. "I am not seeking a bout with Louis for Harlund at this time. I believe Harlund, Ruess, Farr, Pastor, McCoy and the other heavyweight contenders should fight it out among themselves to decide which one of them would make the best opponent for the champion."

"On what Louis showed against Schmeling no ordinary fighter is going to beat him. A heavyweight elimination tournament might be the means of developing a standout opponent for the champion."

The New York tax system has packed a real punch hard enough to stop Louis which may make it the champion.

Frisch Out, Shotton in, Say Reports

By the Associated Press

Red hot report from St. Louis says Frank Frisch crashed the Cardinal front office air con. The out and out that the veteran Buck Shotton of Columbus will be in there next year. . . . Even C. A. I. for a series are yelling that Max Baer should be made to prove himself against Bob Foster or somebody else before they feed him to Joe Louis again. . . . Starting batteries for Wednesday's all-star game in "Zinnat" will be Vander Meer and Lombardi for these Nationals and Gomez and Dickey for the Americans. . . . Why does Tony Gentry want more time to train for John Henry Lewis? . . . Didn't the beer truck arrive?

Philly may be the next big town to turn on the lights. . . . If Joe Louis refuses to fight again this year, what will Mike Jacobs do for a September extravaganza? . . . We offer you Schmeeling vs. James J. Braddock (which may be announced any day now). . . . Guess you noticed Don Eudge didn't drop a set from the first round through the last at Wimbledon. . . . John (Shipwreck) Kelly, former Ken Morehead State Teachers College at Morehead, Ky., wants football games for Oct. 15 and Oct. 22 to round out his schedule. . . . get in touch with Coach Ellis Johnson. . . .

Van Mungo, who says his salary whip ached throughout his one-hit game Thursday, is telling his friends he'll quit baseball if the arm doesn't mend right quick. . . . Morehead State Teachers College at Morehead, Ky., wants football games for Oct. 15 and Oct. 22 to round out his schedule. . . . get in touch with Coach Ellis Johnson. . . .

Statepost soon will print a story in defense of the National League. . . . Remember the recent outburst in which the National was called a Miner, don't you?

Max Baer is packing 'em in through New Rogers Hornsby England, where he is on a refereeing tour. . . . Larry MacPhail of the Dodgers is sending Freddy Fitzsimmons to the all-star game with railroad fare, hotel accommodations and all other expenses paid in recognition of the old boy's fine pitching lately. . . . we have a hunch—mind you, it's just that—that Helen Jacobs will get even with Mrs. Moody in a big way today. . . . Jim Chaplin, former Boston Red right-hander, is burning up the Pacific Coast League.

(Cape League Correspondent)
Moving into action for the 18th successive summer season, the popular Cape Cod League rings up the curtain on its 1938 schedule today with two games listed on the opening day's program.

Charlie "Buz" Harvey's Orleans nine is to grapple Falmouth at the Brooks park diamond in Orleans, while Neil Mahoney's Harwich forces are playing host to Walter "Hockey" Corbett's Bourne outfit at the spacious Harwich common.

Harwich is headed by Governor Charles F. Hurley and a host of other prominent state officials, upwards of 7000 persons are expected to turn out for the Falmouth-Orleans tilt.

The Orleans manager, Harvey, is the same gentleman who made All-Eastern football honors at Holy Cross some five years back. During the school season, Harvey is a teacher-coach at Saugus high school.

Harvey will play in the catcher's berth for the Orleans contingent. He first played this post when he was a member of Jack Barry's Holy Cross nine in 1932.

Harwich, a nine composed almost entirely of big-name semi-pro and minor league players, is a slight favorite to take the league championship. Barnstable, last year's champion, is not in the circuit this summer.

Lee Chang Takes On Ted Germaine

Lee Chang, popular Chinese grappler, will make his last appearance at the Boston Arena on Wednesday when he tries out his "chopstick" hold on Ted Germaine.

As a token of good will a delegation of various Chinese Societies will be on hand to give him a rousing farewell on Wednesday night.

Helens in Wimbledon Final

by the ankle injury, that later was described as a pulled tendon, offered no resistance worthy of the name in the final set.

JUST A WALKAWAY

After the two California rivals had fought through ten fiercely contested games in the opening set before Mrs. Moody could win, the second set was a walkaway after Mrs. Moody had won the first two games.

Miss Jacobs' ankle injury took charge at that point. She stopped running entirely and covered almost no court at all. So one-sided was the battle that Miss Jacobs won only three points in the final set.

Before the set started Miss Jacobs had gone to back court and rubbed her ankle vigorously. At no time, however, did she give any indication that she wanted to concede the match as Mrs. Moody had done in their memorable match at Forest Hills.

At the end of the match, witnessed by another capacity crowd, Mrs. Moody spoke briefly over the radio while Miss Jacobs sat heavily on her racket. When Mrs. Moody had finished, Miss Jacobs hobbled over to shake hands.

It was noteworthy that neither then, nor at any other time during the match, did the California rivals speak to one another.

SET A RECORD

In winning her eighth Wimbledon title, Mrs. Moody set up a tournament record and at the same time made the count in her long series with Miss Jacobs, 11 victories to one.

It was the fourth time Mrs. Moody had won over Miss Jacobs in the Wimbledon finale. Their last previous meeting here, in 1935, resulted in a heroic three-set match which Mrs. Moody finally won after trailing 2-3 in the final set.

Even before Miss Jacobs' ankle went bad, Mrs. Moody mainly dominated play but at no time until her rival was injured, did the older star have anything like a commanding lead.

Miss Jacobs' tactics simply were to chop Mrs. Moody into forecourt and then pass her at the net when she came forward. Mrs. Moody seemed content to batter the ball as near the baseline as possible from one side to the other, keeping Miss Jacobs on the run.

Thirty-one-year-old Mrs. Moody said after the match:

"I think we both played well in the first set. I am delighted to win at Wimbledon again but I didn't expect the second set to be so short."

"She was just too good for me," said the dejected Miss Jacobs.

Mrs. Moody, serene as ever, came out with Miss Jacobs at 2:47 p. m. and actually smiled at

GRIMES

a battery of cameramen. Outwardly at least she was just the same "Queen Helen." She was wearing a full white pleated skirt, her lucky scarlet sweater and was equipped as usual with eyeshade. Miss Jacobs, deeply tanned, her hair parted in place, was all in white.

QUEEN MARY ATTENDS

They got a riotous reception from the crowd which literally hung to the roof. People were jammed so tightly in the standing room section that the hospital brigade was doing a rushing business.

Mrs. Moody twirled her racket leisurely. Miss Jacobs won the toss and served.

When Queen Mother Mary arrived the Americans halted practice and curtsied deeply.

COMES FROM BEHIND

Mrs. Moody came from behind to win the first game when Miss Jacobs netted three straight points, Miss Jacobs took off her sweater and went back to her faithful chop stroke and evened it up at 1-1 with a fine passing shot, hit on the run to Mrs. Moody's forehand corner.

Undisturbed by the constant tolling of bells from a nearby church, Miss Jacobs took a 40-0 lead in the third game and although her rival deuced at 40-40, Miss Jacobs won the game when Mrs. Moody netted an easy lob.

Mrs. Moody drew all square, however, in the fourth game, holding her service in a cautious duel from the baselines. Miss Jacobs won only one point in this game.

ACES FINAL POINT

Mrs. Moody broke through Miss Jacobs' game in the fifth game for a 3-2 lead. She hit with phenomenal accuracy to the deep corners and twice passed Miss Jacobs' backhand.

Mrs. Moody also won the sixth

game on her own service after it had been deuced three times. Mrs. Moody reached a 30-0 lead, but Miss Jacobs fought back to level, and once reached advantage. Mrs. Moody, however, ached her on the final point.

Miss Jacobs held her own service in the seventh game for the loss of two points and trailed 3-4.

USES DROP SHOT

Chopping away at every stroke to Mrs. Moody's backhand, Miss Jacobs fought back to square at 4-4 by winning the eighth game against Mrs. Moody's service. After reaching advantage, Mrs. Jacobs won the game when Mrs. Moody netted.

In the ninth game, for the first time, Miss Jacobs used the drop shot—deadliest of weapons against the slowing Mrs. Moody—but the older star returned it, only to be passed on the next shot.

However, a line decision went against Miss Jacobs and Queen Helen pulled up and won to lead 5-4.

Two aces in a row gave Mrs. Moody a 30-6 lead in the tenth game and she went on to win at love for the set at 6-4.

Point score, first set (Miss Jacobs serving):
Miss Jacobs 345 125 455 6-34-4
Mrs. Moody 525 447 237 4-41-6
With the first set secure, Mrs. Moody began hitting harder than ever now. She even dashed to the net in the first game and twice scored perfect placements against Miss Jacobs' backhand to break service and lead 1-0.

ANKLE SLOWS HELEN II

Then Mrs. Moody held her own service at love and broke through Miss Jacobs' service by the same score for a 3-0 lead as Miss Jacobs appeared to be having trouble with her ankle and took time out to talk to Mrs. George W. Wightman of Boston, captain of America's Wightman Cup team.

Mrs. Moody then took the fourth game, also at love. Miss Jacobs' ankle appeared badly hurt. She was not running at all and she was scarcely moving about the court.

Foxx Gains 18 Points In Week

By the Associated Press

With the halfway mark of the major league season coming up, those old Ohioans, Earl Averill of Snodgrass, Wash., and the Cleveland Indians, and Ernie Lombardi of Oakland, Cal. and the Cincinnati Reds, continue to head their respective batting parades by comfortable margins.

The races last week were marked by few changes, notable among which were the spurts of Jimmy Foxx of the Boston Red Sox and Hank Steinbarger of the Chicago White Sox. They gained 18 and 11 points, respectively in the American League.

Averill maintained his 384 average and led his teammate and closest rival, Hal Trosky, by 24 points. Trosky lost three points, but took over the runner-up spot when Washington's Cecil Travis dropped 13 and wound up in a third-place tie with Steinbarger at 351.

Lombardi suffered an eight-point loss for a 359 average through last night's game, but continued to lead the National League by a 10-point margin.

Joe Medwick of the St. Louis Cardinals captured second with a single point gain, while Herbie Martin of Philadelphia scored 13 to 345.

The only newcomers last week to the "Big Ten" list of leaders were Sox, tenth in the American with a .323 mark, and Harry Danning of the New York Giants, ninth in the National at .320.

Struck, Nee On All Stars

NEW YORK, July 2 (AP)—Vernon Struck of Centralia, Ill., and Joseph F. Nee of Boston, senior members of the 1937 Harvard football team, today were selected by Coach Andy Kerr to play for the Eastern College All-Stars against the professional New York Giants in the fresh air fund game sponsored by the New York Herald-Tribune September 7 at the Polo Grounds.

Struck, fullback and key man in the track three champions' attack, and Nee, a running guard, are the first Harvard men to be picked for the team in the three years the game has been staged by the Tribune.

With Al Wojciechowicz, Fordham center, they are the first players to be chosen for the 1938 team.

Rain Postpones Circuit Meeting

TOLEDO, O., July 2 (AP)—A wet track forced cancellation of the final session of grand circuit racing at Fort Miami, and more than 300 horses were shipped to Cleveland where circuit warfare will be renewed Monday at North Randall. Judges ordered the \$5000 Matron Stake prize shared by the three Hambletonian eligibles which won one heat each Wednesday, before rain prevented a decision. The trio included George Bennett's Proteo, Tom Berry's Earl's Mr. Will and Ben White's Long Key.

PHELPS INJURED

BROOKLYN, July 2 (AP)—Babe Phelps, the Brooklyn Dodgers' heavy-hitting catcher and one of three receivers nominated for the National League team in next week's All-Star game, suffered a "fractured right thumb in the fourth inning of the Friday game with the Giants.

Kent Crew Beats Yale In Britain

HENLEY ON THAMES, July 2 (AP)—Kent School oarsmen today beat Yale's 150-pound crew by two-thirds of a length in the semi-finals of the Thames Challenge Cup. Kent's time was 7:06.

In the other semi-final London's rowing club eliminated Eton Excelsior by three-fourths of a length in 7:15 for the honor of meeting the Kent team from Connecticut for the championship.

Kent took an early lead and kept it for the first half-mile, Yale held them on a spurt and drew level at the mile.

The shells remained dead level for the next quarter-mile, but Kent forged ahead in the last 110 yards to win.

The Chief in \$10,000 Cap

NEW YORK, July 2 (AP)—The Chief, current sensation of the three-year-old turf division, bids for his third straight victory today when he carries the silks of Maxwell Howard in the \$10,000 Kent Handicap at Delaware Park.

Earl Sande has the chestnut son of Pennant razor-sharp for the mile and sixteenth test, feature event on the national program.

The Chief has been asked to truck up 128 pounds and give weight to nine others of his age but the speed he showed the last two Saturdays indicates he should have to trouble adding the Kent to his triumphs in the Dwyer Stakes and Brooklyn Handicap.

SCHOOL GOLF FINAL

GRIENWICH, Ct., July 2 (AP)—Sloan Bashinsky of Lawrenceville and A. Arnold Zimmerman of Blair Academy meet in the finals of the Eastern interscholastic golf championship tournament today at the Greenwich Country Club.

Last Romance For Wilson

By DAVE WILSON

Last Romance, winner of a Marathon affair recently, should have little trouble in downing her seven opponents in the night-cap race at Suffolk Downs today, and gets my best bet nomination.

FIRST RACE

Curves, My Compliments, Delaney
CURVES lost a close decision to MY COMPLIMENTS when they met the last time, but on a fast track the Mrs. Carroll colorbearer should about for that defeat. MY COMPLIMENTS holds the upper hand over DELANEY. The latter is due for an improved effort.

SECOND RACE

Light Roll, Joe D., Noterity
LIGHT ROLL figures the best of this poor lot. JOE D. will appreciate the fast track. NOTERITY, heavily weighted, may last for the show award.

THIRD RACE

Nipantuck, Quel Jes, Baby Sweep
Consistent NIPANTUCK should score another victory, and the inside rail position will make the task easier. QUEL JEU is dropping down here and may like this company. BABY SWEEP is a money possibility.

FOURTH RACE

Tobacco, Combaher, Sir Reg
A coin will decide the winner in this one with TOBACCO and COMBAHER none apart in the dope sheet. SIR REG is improv-

ing steadily and can't be overlooked.

FIFTH RACE

Synod, Spartan Lady, Brief
SYNOD, in new hands, needs only to run a top effort to win first honors in this heat. SPARTAN LADY'S present good form rates her close-up. BRIEF has high early speed and may hang on for a portion of the purse.

SIXTH RACE

Bootless, Eastport, Pageboy
BOOTLESS, a good weight carrier, needs only a fast track to flash a winning performance. EASTPORT, off a recent second to War Minister, rates the place. PAGEBOY, weighed nicely, should be fighting it out all the way.

SEVENTH RACE

BIT By Bit, Little Sally, Findon
A recent winner, BIT BY BIT holds a slight edge over LITTLE SALLY. The latter likes a muddy strip. FINDON has been running evenly and rates some chance.

EIGHTH RACE

Last Romance, Tiempo, Vitex
LAST ROMANCE, TIEMPO and VITEX are the contenders here, and they rate as named.

Atonement 2d Wilson's Click At Agawam

By DAVE WILSON

"Selections for fast track"
BEST BET—ATONEMENT 2ND
Atonement 2nd showed a greatly improved effort to beat Penway and Aurangzeb in a recent outing. The C Bain mare has only to run a carbon copy of that race to cop top honors in the second heat at Agawam Park, today.

Atonement 2nd appears to be the safest wagering hazard of the eight race card.
FIRST RACE
Foreble, Red Wings, Golden Mayne
FOREBLE is back in form and is ready to earn brackets. Fourth the last two times out, Foreble gets the edge over RED WINGS. The latter finished third in her recent effort and rates a good chance.

SECOND RACE
Atonement 2nd, Rise and Shine, Highest Point
RISE AND SHINE, beaten a scant yard by Noble Scot, may be the ultimate winner here if Atonement 2nd fails. HIGHEST POINT is much better than a recent dull effort.

THIRD RACE
Rough Buddy, Mr. Buddy, High Belay
Loser of a head verdict to Tepin, ROUGH BUDDY gets another chance to earn brackets in this heat. MR. BUDDY, a winner at the meeting races close up. HIGH BETSY was beaten a camera finish in her last campaign.

FOURTH RACE
Laddie Stone, Pompeius, Sand Cloud
Speedy LADDIE STONE just failed to last against Miss Dolly Kay and was beaten a half length. Well placed here, LADDIE STONE should never leave the issue in doubt. POMPEIUS, on recent good form, gets a skiff of figures.

FIFTH RACE
Beach Ensemble, Riccadonna, Jane Vito
BEACH ENSEMBLE probably will duck the issue in the sixth to go in this one. Two wing and three seconds in five races stamps the Gentry trained mare as a standout here. RICCADONNA was second to the top and one and should finish in the same order. JANE VITO on past good form is a money possibility.

SIXTH RACE
Gay Balke, Happy Knot, Beach Ensemble
Despite top impost, GAY BALKE has sufficient speed to make for a straight wins. HAPPY KNOT, favored by a 9-pound pull in weights, gets a good figure. BEACH ENSEMBLE is better suited in the fifth.

SEVENTH RACE
Ponard, Dyak, Tugap
PONARD closed a big gap in a sprint affair and the aged yardage of this race should be to his advantage. DYAK just missed against Justa Flight and gets a good rating. TUGAP, a recent winner, shapes next best.

EIGHTH RACE
Baby Lynn, Justa Flight, Versailles
BABY LYNN gets two races, and JUSTA FLIGHT, a winner in this nightcap heat, JUSTA FLIGHT scores at the last asking and could take it all. VERSAILLES won his last start and figures best for the remainder.

EDWARD ALLEN

Woman Claims Lost Boy, 2

A Somerville woman today finally claimed the golden-haired and blue-eyed two-year-old boy who had remained unidentified for more than 14 hours at Somerville police headquarters.

She told police she was Mrs. Theresa Devau of Mt. Vernon street, Somerville.

The boy, she said, was Edward Allen, a child she had taken into her home as an infant.

"His father is dead," she told police.

Free Family, Is Demand Of Carroll

By JAMES J. DELANEY

Boston Evening American Staff Correspondent

SOUTH PARIS, Me., July 2—Alarmed by the mystery disappearance of his loyal wife and family, former Deputy Sheriff Francis M. Carroll demanded today that authorities cease "hold ing them."

Through his attorneys, the man who is accused of the murder of Dr. James G. Littlefield reiterated his faith in his wife, Mrs. Ruby Carroll, and 17-year-old daughter, Barbara, and charged they pur posely were being kept from him.

At the same time Defense At torney Clyde Chapman announced that his client has an iron-bound alibi for the evening of October 13, 1937, the night of the Little field crime.

He declared the defense was ready to disprove the charges of Paul Dwyer, 18, who earlier confessed to the murders of the phy sician and his wife and now is serving life imprisonment.

Mrs. Carroll and her family of four vanished from their High street home in a manner as mys terious as all other unexplained angles of the case.

In the dead of night, two large automobiles drew up and the Car roll family were bundled off.

"I don't know where the Car rolls have gone," Prosecutor Ralph M. Ingalls declared today.

HOLLYWOOD, July 2 (AP)—Police questioned persons listed in a little black address book today, hoping to find a clue in the mystery slaying of King D. Gray, 52, one-time leading film cameraman.

The officers abandoned a possible theory of suicide, since there were no powder burns on Gray's clothing and no pistol was found in his automobile when his body was discovered slumped over the steering wheel in front of the postoffice here Thursday.

Two motives for the killing were considered — jealousy and attempted robbery. A salary check and \$63 in cash were found in Gray's pockets, but police suggested the cam eraman might have resisted and the robber was frightened away after firing the fatal shot.

The bullet entered Gray's right chest and lodged near the left shoulder blade. This, the autopsy surgeon said, indicated he probably had lived for some time after he was shot.

Mrs. Myrtle Gray, widow of the cameraman who once had filmed such stars as Rudolph Valentino, Mary Pickford and Douglas Fairbanks, was quoted by Captain J. J. Jones as saying she recently found a letter from a woman in her husband's pocket and they had quarreled over it.

Gray assured her, she said, that the woman had gone east and there was nothing for her to worry about. Mrs. Gray declared she was unaware her husband of 25 years had a secret postoffice box.

Clasped in Gray's hands was a letter from Newcastle, Pa., ad dressing him as "Dear Daddy," calling him "Sweetheart," and clos ing "With love always, Babe."

Frances Bieskey, 20, formerly employed in the art department of

a store here, was questioned by Newcastle police as the writer of the letter. She said Gray had been a friend of the family and she could suggest no motive for the slaying.

Dr. S. N. Bieskey, a dentist here, told police his sister and Gray were friends but there was no romance.

The little black book contained street addresses of persons in Hol lywood, New York and New Orleans.

A news broadcast of the death of Gray, gave a sister, Mrs. Donna Long of Indianapolis, Ind., her first word of him in nine years.

Urge Americans Flee Jap Bombs

SWATOW, July 2 (INS)—The American and other foreign con sulates today urged their nationals to evacuate this stricken port as 15 Japanese airplanes swarmed down in a fresh mass air raid.

Foreign protests over damage in the series of aerial attacks, which yesterday and today left at least 1000 dead, are believed likely.

The United States gumbast Sacramento is standing by in Swatow harbor to aid Americans.
